

Prepared by: Chew Kit Waye Andrel

#### How to Use:

The spacebar can be used to follow through.

The mouse pointer guides the flow of the actions performed on the interfaces. On top of that, it also points to buttons that are interactive. However, do try to avoid clicking on empty parts of the slides, as it would lead to the next animation.

Additionally, you can also click on other buttons, listed below.

#### List of Additional Buttons

##### Slide 1: Launch

Don't have an account? – Signup page

Have an account? – Login page
